

Preqin Verify

Get rewards for finding issues in our data.

We're obsessive about data quality. And we're sure we have the best.

Preqin is the only data provider willing to reward you for uncovering omissions or discrepancies in private market data.

We make more than 1.3 million updates a year to our data on Preqin Pro, but if you find anything amiss, simply **let us know**. This could earn you a \$50 Amazon gift card reward or an equivalent donation to a select charitable organization for each submission you share with us.

How do you get rewarded?

We aim to provide the most comprehensive data on private markets, which includes proprietary and publicly available information. To qualify, the discrepancy must be found on Preqin Pro and be;

- Publicly available data that is incorrect.
- Publicly available data that is missing after 48 hours of release.
- Verifiable, erroneous, non-public data where the source of information is disclosed to us.
- Textual errors or typos that result in incorrect content.

We've made it simple to submit a correction and get rewarded

1 Continue to use Preqin Pro as you normally do.

2 If you notice a quality issue in our data, contact our Client Services team

3 Our Research team will review the submission and get back to you within 24 hours (Mon-Fri).

4 Each verified submission earns you a \$50 Amazon gift card or an equivalent donation to a select charity.

5 Preqin Pro is updated with the highest quality data.

Report a submission via **Live Chat in Preqin Pro**, or email:

Charities We Support

Preqin supports charities that are local to our operations and are focused in key themes relating to the strength and development of the alternative assets industry. These pillars are education, diversity and the environment.
